Premier Platinum Plan

Exclusive only to Premier Autocare

The First Plan of It's Kind EVER in the Industry

Premier Autocare should be your first choice when replacing your tyres...

Why you might ask?

Let's face it, majority of consumers see tyres as a grudge purchase.

Well it doesn't need to be anymore.

Premier Autocare has developed the Premier Platinum Plan which is the ONLY one of it's kind in the industry.

Experience the difference and let us take care of your motoring and safety requirements for you and your loved ones.

Read on further, we guarantee you will be impressed with the inclusions.

As soon as you drive out of our store, there are many hazards present on our roads that can seriously damage your new tyres. Pot holes, sharp wood, nails, screws and truck tyre debris are all hazards which can result in expensive tyre repair or replacements - an expense you just don't need.

Premier Autocare doesn't want you to be frustrated and out of pocket with an expensive tyre repair or replacement. That's why we've introduced Premier Platinum Plan.

What will the Premier Platinum Plan do when my tyres are damaged?

If your tyres are damaged by a road hazard we will replace your unrepairable tyre with the same or an equivalent brand new tyre.

Plus...

- Repair any puncture damage
- Replace a tube (if required)
- Replace valve (if required)
- Nitrogen Inflation
- Balance and fit the replacement or repaired tyres
- Disposal of Damaged Tyre

What should I do?

Your tyres need to be looked after to maximise their life, and to ensure the Premier Platinum Plan continues to apply to your tyres - please note that:

- The Premier Platinum Plan is only for the vehicle registration number which is recorded on the Premier Autocare invoice.
- The tyres should always be inflated to the recommended air pressures. Over or under inflation results in premature tyre wear and costs you money!
- SMS Reminders, it is your responsibility to act upon these reminders.
- Maintain Tyres in accordance with the Premier Platinum Plan Guidelines. You must adhere to these guidelines otherwise the plan will be cancelled.
- Drive sensibly and safely.

Stating the Obvious – what is NOT covered

To be fair to all parties, some events cannot be covered under our Premier Platinum Plan. Our Plan covers unforeseen road hazards experienced in normal driving, not driver abuse or damage resulting from events which should be claimed from your insurer.

The Premier Platinum Plan is only available at Premier Autocare

What the Premier Platinum Plan will not cover?

Deliberate abuse

- Burnouts and vehicle racing
- Intentional damage

Damage which should be claimed from your insurer

- Accidents
- Fire
- Theft or vandalism

Damage caused by incorrect vehicle operation, extreme use or design

- Overloading
- Vehicle protrusions
- Off road driving (including snow chains)

Disregard for tyre care and normal maintenance

- Failure to follow recommended inflation, alignment, rotation and balancing requirements

Tyres affected by damaged or defective wheels

Conditions

- Maximum of one claim for each tyre covered under the plan (New Tyre Replacement)
- Four Tyres and a Wheel Alignment must be purchased to qualify for the Premier Platinum Plan.
- Any maintenance outside the stipulated intervals will be at the customers cost.
- All maintenance as recommended at the intervals listed within the Premier Platinum Plan must be carried out by Premier Autocare, otherwise your Premier Platinum Plan will be affected.
- Not all Tyre Brands are covered by the plan, see store for details.
- It is the customers responsibility to act upon SMS reminders.
- Although Premier Autocare will endeavour to send SMS Reminders every 3 months, it is the customers responsibility to adhere to the service intervals stipulated.
- Run Flat Technology Tyres are excluded from this offer.
- There are no mileage guarantees that apply under the Premier Platinum Plan unless offered by the Tyre Manufacturer.
- Premier Autocare have the right to cease, refuse or revoke the Premier Platinum Plan at anytime and at Management's discretion.

When does the Premier Platinum Plan Expire?

There is a 3 Year/80,000km Time Limit on the Premier Platinum Plan. Whichever Occurs First.

Premier's Platinum Plan is valid on tyres that have at least the minimum tread depth as required by law in NSW.

If your tyres are either on the tread wear indicator or below your tyres are due for replacement, therefore your Premier Platinum Plan has expired..

COVER INCLUSIONS:*

3 Year/80,000kms Whichever occurs First

FREE - Puncture Repairs **(Normally \$35)**

FREE - Maintenance as listed below

First 12 Months:
